

LET'S TALK ABOUT WEST PAPUA

The Australian government is aiding the Indonesian police and military. They are refusing to tell you how your taxes pay for the Indonesia Military to conduct training, intelligence operations, joint exercises, and weapons and ammunition.

The Indonesian military and police kill, torture, arrest and displace West Papuans, your neighbours. Hear first-hand accounts of this ongoing violence. Meet West Papuans who are leading a campaign for dignity and safety. Learn what you can do to stand with their families.
