# Key Challenges

- **More than 70 million people displaced by conflict and disaster**
- **Within Australia, decreasing trust in institutions, including the church and international aid agencies**
- **Increased cost of living, increased operational costs**
- **Increasingly complex 'operating space' as number and variety of actors multiply**

- **Revising our strategic plan**
- **Revisiting our way of working to ensure we can deliver our mission whilst responding to challenges and pressures**
