

# Faith & the Environment

## Earth Action Day

Earth Action Day is a world-wide, coordinated series of events aiming to empower people to take action in observance of Earth Day, Week, or Month 2025. These actions can be commitments by houses of worship, sermons, creation care messaging in April, or even public forums.

Communities of Faith can use Earth Action Day to contribute the often overlooked perspective of creation care. Join the conversation this Earth Day!

### How you can get involved

1. Make a [Commitment Statement](#) for you House of Worship to showcase your goals and commitments between now and Earth Day 2026
2. Talk about Creation Care in your worship service this April and [share your message](#) on our website
3. Organize an [Earth Action Day Round Table](#) with Local Elected Officials
4. Register your existing Earth Day activities on our [Earth Day Map](#)

### How we can help you

1. Virtual consultation and support with planning
2. Support recruiting elected officials for forums
3. Help publicizing and advertising your event
  - Inclusion of your action on the [Earth Day Global Event Map](#)
4. Event Planning Tools
  - [Forum Checklist](#)
  - [Earth Action Day Toolkit](#)
